## President's Corner by Sandy Schupp

We have started off with a bang and our first meeting under way. We have invaluable education planned for you. For timely meetings, should you have any questions or information for any committee, please contact the chair prior to the meeting so the subject can be presented and action can be brought before the general membership. A phone call or e-mail should help expedite our meetings. Any member wanting more knowledge about our business plan please contact Mary Raysa for the Southern Ohio chapters or Karen O'Donnell for the northern chapters.

Remember ladies to work on your chapters recruiting and retention of members. We are all needed to be a successful chapter

I've been asked what is the difference between the newsletter and the website. Difference being the Newsletter comes to you and you go to the website. Don't forget to check it often [www.wroho.org](http://www.wroho.org). This is the first newsletter of 2005 and my first also. There is lots to learn and I'll welcome all suggestions. Joanne Thueneman
